收文(112)台圍網文字第 0092 號

**TO ALL COMMISSION MEMBERS, COOPERATING NON-MEMBERS
PARTICIPATING TERRITORIES AND OBSERVERS**

**Circular No.: 2023/51
Date: 22 June 2023
No. pages: 5**

**Meeting Notice for the Nineteenth Regular Session of the Technical and Compliance
Committee**

Dear All,

I am pleased to formally advise all CCMs and Observers that the Nineteenth Regular Session of the Technical and Compliance Committee (TCC19) will be held in the COM/FSM China Friendship Sport Center, Palikir, Pohnpei State, Federated States of Micronesia, from 20 – 26 September 2023.

The attached Meeting Notice is also posted to the TCC19 meeting website page (<https://meetings.wcpfc.int/meetings/tcc19>) and participants are encouraged to make early accommodation arrangements. A copy of the TCC19 Provisional Agenda has also been posted to the TCC19 website. Other meeting documents will be posted on the TCC19 website in due course.

Please contact the Compliance Manager, Dr Lara Manarangi-Trott (lara.manarangi-trott@wcpfc.int) if you have any questions or require additional information. Your assistance in distributing this Circular to all relevant officials and representatives in your area is appreciated. Thank you.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Rhea Moss-Christian", is positioned above the printed name and title.

**Rhea Moss-Christian
EXECUTIVE DIRECTOR**

TECHNICAL AND COMPLIANCE COMMITTEE

Nineteenth Regular Session

20 – 26 September 2023

Pohnpei, Federated States of Micronesia

MEETING NOTICE

WCPFC-TCC19-2023-02
22 June 2023

The Nineteenth Regular Session of the Technical and Compliance Committee of the Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (TCC19) will be held in COM/FSM China Friendship Sport Center, Palikir, Pohnpei State, Federated States of Micronesia, from Wednesday 20th to Tuesday 26th September 2023, with Sunday 24th September designated as a free day. A Preparatory Meeting for the Heads of Delegation will be held on Tuesday 19th September. Mr Mat Kertesz (Australia) will chair TCC19.

The TCC19 Provisional meeting agenda (**WCPFC-TCC19-2023-02**) is issued and posted to the TCC19 meeting website page with this notice. The Annotated Agenda will be posted on the TCC19 website in due course. The inclusion of any supplementary items on the agenda, accompanied by a written explanation, may be requested at least thirty days before the meeting, i.e. by **Monday, 21st August 2023**.

TCC19 meeting structure

TCC19 will be a hybrid meeting, with participation to take place in-person and virtually through Zoom. CCMs are only permitted to make their interventions virtually if the CCM HOD or alternative is not able to attend the meeting in person. Please contact the Secretariat's IT team (ITSupport@wcpfc.int) for any technical assistance regarding virtual participation.

TCC19 will be supplemented by the TCC19 website and the TCC19 Online Discussion Forum (ODF). The opening and duration of the ODF will be advised in due course. The results of the ODF will be provided to TCC19 as a Summary of Online Discussion Forum and considered as needed under the relevant agenda items.

CCMs are requested to **provide delegation papers/proposals and/or requests for ODF topics** at least 30 days ahead of the meeting, i.e. by **Monday, 21st August 2023**.

- Where a CCM requests creation of an ODF topic, they will be responsible for facilitating discussion and presenting summary of discussions and proposed recommendations to plenary where required.

The ODF will be accessible only to registered and approved TCC19 participants. Support for registrations and using Zoom is available from the [Online Meeting Resources](#) helpdesk.

An indicative meeting schedule will be developed and posted on the TCC19 website in due course. This will, amongst others, confirm the indicative scheduling for the review of the Draft Compliance Monitoring Reports covering RY 2021 and RY 2022 (CMM 2021-03).

All related enquiries about the TCC19 meeting should be addressed to the Compliance Manager, Dr Lara Manarangi-Trott: lara.manarangi-trott@wcpfc.int.

Meeting Registration

Online meeting registration is available at the SC19 meeting site and all participants are requested to register through this link <https://meetings.wcpfc.int/meetings/tcc19>.

Continuing the TCC14 pledge for TCC to be 'plastic bottle' free

Participants are reminded to bring their own water bottles for use during the meetings, and as a contribution to minimizing single-use plastic at WCPFC meetings. Extra water coolers will be provided at the meeting.

Funding for Developing Countries and Participating Territories

The Commission will fund the participation (a daily allowance and most direct economical airfare) of one representative from each developing country and participating territory that is a member of the Commission. Formal nominations for participants to receive this support should be submitted to the Secretariat Finance and Administration Manager, Mr Aaron Nighswander at aaron.nighswander@wcpfc.int by **Thursday, 24th August 2023**, under the signature of their WCPFC Official Contact for eligible developing countries and participating territories.

The latest date for travel arrangements of funded nominees to be finalized is two weeks prior to commencing travel.

Visa to visit the Federated States of Micronesia

Most participants visiting Federated States of Micronesia should pass through either Honolulu or Guam airport, where they are required to have a US transit visa. Visitors to the Federated States of Micronesia do not require an entry permit for stays up to 30 days; however, visitors must have an onward ticket and a passport valid for at least 120 days. An entry permit is required for visits longer than 30 days, extendable up to one year.

For further visa requirements please refer to: <https://visit-micronesia.fm/regulations>

Airport Transfers

Transport from the Pohnpei Airport to the hotels in Pohnpei is available by hotel. Please contact your hotels for transportation arrangement.

Currency in FSM

The currency used in the Federated States of Micronesia is the U.S. dollar. Bank of Guam provides currency exchange services for the Australian Dollar, Philippine Peso, Japanese Yen, Hong Kong dollar and Korean Won.

Accommodation

Available accommodation is listed in **Table 1** below. Those participants needing accommodation should book directly with the hotel of their choice as soon as possible. All rates noted below are tax inclusive. Some alternative accommodation options may also be available.

TTMW3 – Chair’s Report

Dear All,

On behalf of the Commission Chair, Dr. Josie M. Tamate, I draw your attention to the attached Chair’s Report of the recent third workshop to develop a new tropical tuna measure (TTMW3). The Chair’s Report reflects a high-level summary of discussions and key outcomes as outlined by the Chair at the conclusion of the workshop. The Report also includes the agreed table of scientific analysis requests from CCMs to the WCPFC Scientific Services Provider.

A copy of the Chair’s Report can also be found on the WCPFC website at the TTMW3 meeting page: <https://meetings.wcpfc.int/meetings/ttmw3> .

Kind regards,

**Rhea Moss-Christian
EXECUTIVE DIRECTOR**

DEVELOPMENT OF A NEW TROPICAL TUNA MEASURE WORKSHOP 3 (TTMW3)
Electronic Meeting
28-29 June 2023

CHAIR'S REPORT OF TTMW3

WCPFC-TTMW3-2023-Chair's Report
July 17, 2023

Agenda Item 1 — Opening of Workshop

1. The WCPFC Chair, Dr Josie Tamate, welcomed Members, Participating Territories, and Cooperating Non-Members (CCMs), Observers and the WCPFC Secretariat staff to the 3rd Tropical Tuna Measure workshop (TTMW3). The workshop was held online using the Zoom platform. An opening prayer was provided by the Niue delegation.
2. A list of confirmed participants is available as Attachment 1 to this report.

1.1. Opening remarks by Chair

3. The Chair recalled that the workshop had been agreed to by WCPFC19 in a 2023 Work Plan for developing a revised tropical tuna measure (see Attachment 2), and that it followed in series from the two workshops that had been held in 2021 to discuss revisions to the tropical tuna Conservation and Management Measure (CMM) 2018-01. It had ultimately been decided by WCPFC18 in 2021 to “roll over” the measure for another two years with minor updates due to the difficulty of holding face-to-face international negotiations when COVID travel restrictions were in force, noting that the measure was achieving its stated objectives while the Commission continued to transition to implementation of harvest strategies.
4. WCPFC19 agreed that any new tropical tuna measure would be based on the current measure (CMM 2021-01) as far as possible, particularly in maintaining the balance between fisheries, but that there was room for strengthening certain elements of CMM 2021-01 including the development of allocation frameworks for high seas purse-seine fisheries and tropical longline bigeye fisheries. The Chair encouraged CCMs to discuss their positions with each other in the margins as much as possible, with a view to reconciling differences before coming to plenary. In this regard, she thanked the Marshall Islands Marine Resources Authority and the U.S. Western Pacific Regional Fishery Management Council (WPRFMC) for the joint longline workshop that had been held recently to discuss issues pertaining to this measure. The Marshall Islands submitted a report of the joint longline workshop, which was posted on the meeting website as WCPFC-TTMW3-2023-IP02.
5. The Chair noted that only two days were programmed for the workshop because much of the discussion would have to wait until further advice emerged from the WCPFC 19th Scientific Committee

- **CCMs had a good discussion of views and acknowledged that further progress will await the outcome of SC19 and the additional analysis to be provided by the Scientific Services Provider.**
- **CCMs were encouraged to continue their individual and bilateral discussions to make progress on the development of a revised tropical tuna measure.**

Agenda Item 5: Next Tropical Tuna Workshop

5.1. Proposed dates for the next Workshop

47. The Chair invited the WCPFC Secretariat to outline potential options for dates to convene TTMW4. The Secretariat noted that if CCMs were committed to meeting in person for TTMW4, then September 29-30 in Pohnpei would provide for some reduction in costs to the extent that CCM officials attending TCC19, which concludes on September 26 in Pohnpei, would also attend TTMW4 and travel costs to support developing State participation would be minimal. Similarly, hosting the workshop in Pohnpei would allow the Secretariat to provide the full complement of support services to the workshop. An alternative option to meeting on September 29-30 in Pohnpei would be to meet some time during the week of October 2-6, in Pohnpei for the same reasons outlined in support of September 29-30. If CCMs were interested in holding the workshop outside of Pohnpei, then a host would be required, and the normal hosting requirements would be expected. The Secretariat further noted that the US had provided funding to the Secretariat to support an extra day of TCC19, which would not now be used for that purpose, and that those funds could be applied to support an in person TTMW4. Additional funding would be sourced from the WCPFC's Working Capital Fund, which WCPFC19 had agreed could be utilized in 2023 for any intersessional meetings or workshops that may be needed. For each of the in-person meeting options presented, the Secretariat confirmed that these could also be held in hybrid format to enable online participation by those unable to travel.

48. CCMs agreed to wait to decide whether a 5th TTM workshop should be planned immediately before WCPFC20 in Rarotonga.

OUTCOME:

- **The Workshop noted the importance of an in-person workshop to allow consultations and to make progress on the tropical tuna measure. The next Workshop will be held September 29-30 (Fri-Sat) to be held in Pohnpei and hybrid format.**

5.2. Initial discussion of the objectives of the 4th Workshop (TTMW4)

49. On behalf of PNA+, PNG supported the view that the single biggest priority for the TTMW4 would be the adoption of hard limits for high seas purse seine effort in order to enable the full application of the Skipjack Management Procedure. It seemed clear that there would be a lot of work needed to close the gaps in terms of an agreement on a hard limit this year, but they thought it important that there should also be at least a preliminary exchange of views on the allocation of this limit.

50. As an additional comment on the progress of this work, PNG noted that WCPFC should not plan to allow the work of reviewing the tropical tuna measure to spill over into 2024, because 2024 needed to be committed to progressing Harvest Strategy work.
